PAREDES MOJADAS

WET WALLS

PAREDES MOJADAS

Las paredes mojadas como su propio nombre indica son superficies de granito pulido o rugoso sobre la que discurre agua.

GHESA trabaja tres medidas:

WET FALLS

Wet walls, as their name implies, are polished or rough granite surfaces over which water flows.

GHESA has designed these in three different sizes:

PARED MOJADA 122

WET WALL 122

- Dimensiones / Dimensions: 122 x 60 x 213 cm
- Iluminación sumergible LED integrada / Integrated submersible LED lighting

PARED MOJADA 200 (MODULAR)

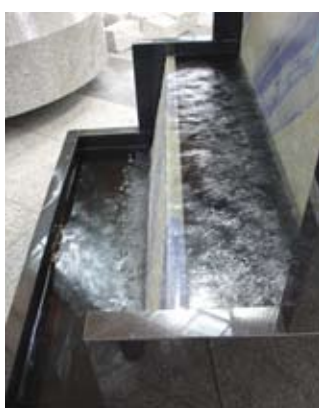

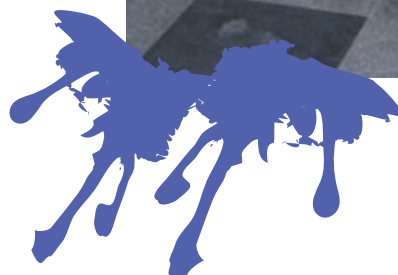

WET WALL 200 (MODULAR)

- Dimensiones / Dimensions: 200 x 50 x 250 cm
- Iluminación sumergible LED integrada / Integrated submersible LED lighting

PARED MOJADA 311 (MODULAR)

WET WALL 311 (MODULAR)

- Dimensiones / Dimensions: 311 x 75 x 278 cm (modulo / module)
- Compuesta por dos módulos / Consisting of 2 modules
- Iluminación sumergible LED integrada / Integrated submersible LED lighting
